

Information Sharing and Intelligence

Collaboration Without Boundaries

Intelligence Summit, 2/19/2006

Presented by: Mark Tanner

Information Sharing and Intelligence

INFORMATION SHARING

- Expected
- Demanded
- Mission Critical

However:

Information Sharing

is not

Intelligence

The Transformation of Information into Intelligence

- Requirements
- Planning and Direction
- Collection
- Processing and Exploitation
- Analysis and Production

Putting Things into Context

Long Term: Establishing a Task Force

Short Term or Long Term: Collaboration

- Defining the Mission
- Goals and Objectives
- Trust Relationships
- Information and Personnel Resources

Enabling Technologies

- Security
- Intranets
- Data Warehouses
- Federated Queries
- Service Oriented Architecture
- Email
- Audio/Video Conferencing
- Portals

Changing the Business

- Leadership
- Risk Management
- Policy
- Share by default – Withhold by exception
